

OVERVIEW

Satya Special School started in 2003 as a rehabilitation centre offering free services to 20 children with special needs, now has 1196 children under its umbrella. Launched with just a Daycare Centre and 5 staff we now have 7 urban centres, including 3 village centres, Mobile Unit covering 44 villages, Prosthetics and Orthotics Unit and over 100 staff.

Over the period of 18 years, we have reached out to over 3000 children. Each child is assessed according to their individual and psychological capabilities and training is provided based on their needs. The school has specialized trained staff engaged in various programs in education, early intervention, therapy, livelihoods, and advocacy, ultimately aiming for the inclusion of children with disabilities.

Vision

An inclusive tomorrow

Mission

To empower people with special needs and lead the way towards inclusion in education, employment, and society at large by specialized intervention, rehabilitation, capacity building and public policy advocacy there by eradicating stigma associated with disability.

Values

In transparency
In professionalism & dedication
In charity with dignity

Satya's Early Childhood Programme

Started in 2011 to aid parents identify early symptoms (age-group 0-6 years) for children at risk of delayed growth. As a part of the programme Satya has collaborated with JIMPER'S New Born High Risk Clinic to provide rehabilitation services for children who are at risk. So, far we have reached more than 899 CWSNs.

Community Based Rehabilitation

An initiative to promote community-based rehabilitation and social empowerment through integrated specialised programmes of rehabilitation, education and therapeutic intervention; social awareness on the inclusive education and supporting the enhancement of capacity of the stakeholders towards creating sustainability of the Village Rehabilitation Centres.
