Hope you're doing okay. We're here for you.

Dear <<First Name>>,

COVID cases have risen dramatically in India, and our physical centres are shut again.

We hope you are all staying safe. Stay safe, stay home, stay masked!

If there is anything at all that we can do, please do not hesitate to reach out to us.

In the meantime, here's what we have been doing over the past quarter.

This quarter, we raised our voice for inclusive elections, inaugurated a mobile therapy unit, conducted interesting workshops for our teachers, and raised awareness among school and college students regarding inclusion. This, apart from our regular classes which are back online now.

Here's a short video of what's been happening so far. Enjoy!
